Introduction

Welcome to **KB Property Group a division of Bright Sky LLC**, Eastern Tennessee's premier real estate investment and development company. Founded in 2020, KB Property Group prides itself on growing personal wealth through various aspects of real estate, including high-volume home flipping and large-scale multifamily development. Our mission is to provide unparalleled investment opportunities and help our clients achieve financial success beyond their imagination.

Our Purpose and Values

A Purpose-Driven Company

At KB Property Group, we believe in a purpose-driven approach to real estate investment. Our foundation is built upon three core values: ethics, family, and community. We are committed to honesty, integrity, and transparency in all our dealings.

Designed to Thrive

Built upon a strong foundation of ethical principles and commitment to community, KB Property Group is a privately owned and operated investment company specializing in distressed residential property acquisition, refurbishment, and resale in Knoxville, Tennessee, and surrounding communities. We offer a **100% risk-free** investment opportunity, providing a higher guaranteed return than any other traditional form of investment offered today.

Why Knoxville?

Knoxville: The Perfect Place to Call Home

When it comes to making money in real estate, foresight is essential. Predicting which cities will experience increased housing demand in the future is paramount. After several years of intensely researching over a dozen cities across the United States and evaluating them on five key criteria—affordability, employment, location, recreation, and political climate—we chose to focus on Knoxville, Tennessee. A college town where industrialism and good old-fashioned Southern hospitality meet to create a truly special place brimming with unlimited opportunity and potential.

- **Ranked as a Top 25 Place to Live by U.S. News**
- **Ranked as a Top 20 Place to Retire by Forbes**

Knoxville offers a unique blend of culture, education, and economic opportunity, making it an ideal location for real estate investment.

The Art of Flipping

High-Volume Home Flipping

KB Property Group specializes in “flipping” residential properties in and around Knoxville, Tennessee. We provide owners of distressed properties in desirable neighborhoods with a fast, convenient way to sell. Our business model emphasizes efficiency and the development of strategic relationships with various city and state officials, allowing us to acquire a large volume of properties consistently for well below market value.

- **Acquisition, Refurbishment, and Resale:** Most properties are acquired, refurbished, and resold within **90 to 120 days**.

Strategic Approach

Our strategic approach ensures maximum returns on investment by focusing on:

- Identifying distressed properties in high-demand areas.
- Utilizing expert teams for quick and quality refurbishments.
- Building strong relationships with local authorities and stakeholders.

Multifamily Development

Multifamily development is the future of residential real estate, and no one does it better than KB Property Group. Starting with the acquisition of raw land, we are experts in the planning, development, and construction of various multi-unit complexes, such as residential apartment buildings, dorm complexes, and tiny home communities. Investment Opportunities

Make 10% Interest with 0% Risk

We offer a unique investment opportunity that promises:

- **10% Interest:** Paid to our investors for every project their money is used for, not just simple interest for a fixed amount of time.
- **Multiple Cycles:** Within a typical year, an investor's money will be used for **three to five properties**, allowing interest to be earned multiple times over.
- **Guaranteed Returns:** The investor is always paid first, with both the initial investment and earned interest contractually guaranteed.

Special Benefits for Service Members

As a token of appreciation for their service, current or former military and law enforcement earn an additional **1% interest** on all investments.

Example: An initial investment of **\$100,000 at 10% interest** and used on four property flips or "cycles" will earn **\$40,000 interest**.
